

# Strain Gauge Transducers

## Description:

### 82-P0340/10

These displacement transducers are the most convenient solution granting high-precision.

High precision displacement transducer, LDT type, 10mm travel, output 2mv/v

## Specifications:

- Supply voltage: 10 V
- Resolution:  $<1\mu\text{m}$
- Linearity: 0.10 % F.S.
- Connector: 6-pin
